FIRST CHOICE

IL DESIGN DELLA NOSTRA GAMMA PRODOTTI TROVA COMPLETAMENTO ATTRAVERSO TESSUTI DI QUALITÀ DAI COLORI ARMONICI. LA GAMMA IRISUN® HA FORNITO UN'AMPIA SCELTA DI FILATI DI PREGIO TRA CUI SELEZIONARE LA NOSTRA PERSONALE COLLEZIONE TESSUTI; COLORI IN GRADO DI ARMONIZZARE LA TENDA CON I MATERIALI DELL'ARCHITETTURA E GLI ELEMENTI NATURALI DEL TERRITORIO. LE TONALITÀ DEI FILATI SONO STATE OTTENUTE TORCENDO ASSIEME DUE CAPI DI COLORAZIONE DIVERSA. I COLORI NATURALI SI MESCOLANO CON QUELLI TIPICI DELLE FACCIATE E DEI LEGNI: LA TERRA DI SIENA CON IL SABBIA; IL COTTO DEL MATTONE CON I BRUNI; IL VERDE TIPICO DEI SERRAMENTI CON UN VERDE PIÙ NATURALE. NUOVI FILATI QUINDI CARATTERIZZATI DA UNA PROFONDA DE-SATURAZIONE ED ETEROGENEITÀ, PARAGONABILE A QUELLA DEI MATERIALI NATURALI.

THE DESIGN OF OUR RANGE OF PRODUCTS IS COMPLETED BY HIGH QUALITY FABRICS IN HARMONIOUS COLOURS. IRISUN ASSORTMENT HAS OFFERED A WIDE CHOICE OF FINE YARNS FOR THE SELECTION OF OUR OWN PERSONAL FABRICS COLLECTION; COLOURS MELTING WITH THE TONES OF THE ARCHITECTURAL MATERIALS AND WITH THE NATURAL ELEMENTS OF THE TERRITORY. THE TONES HAVE BEEN ACHIEVED BY TWISTING TOGETHER TWO STRANDS OF DIFFERENT COLOURS. NATURAL HUES HAVE BEEN MIXED WITH THE TYPICAL TONES OF WOOD AND BUILDING FACADES: RAW SIENNA WITH SAND, TERRACOTTA WITH PEAT BROWN, TYPICAL SHUTTER GREEN WITH A MORE NATURAL GREEN. THEREFORE, NEW TEXTILES WOVEN WITH THE TWO-TONE YARNS FEATURE DEEP COLOUR DE-SATURATION AND VARIEGATION SIMILAR TO THAT OF THE NATURAL MATERIALS.

IRISUN® TECHNICAL FEATURES

AC 100% SOLUTION DYED ACRYLIC

DURACLEAN® OUTDOOR TREATMENT

EASY CARE

10 YEARS

FADE RESISTANT | WATER REPELLENT | STAIN RESISTANT | MOULD RESISTANT | BREATHABLE

	IT	EN
COMPOSIZIONE COMPOSITION	100% acrilico tinto in massa	100% solution dyed acrylic
TRATTAMENTO FINISHING	Trattamento Duraclean ad alta idro-repellenza per una maggiore resistenza allo sporco	Duraclean special water-repellent treatment for improved dirt-resistance
